3 Year Enhanced Support

Keep your business running with extra support for your devices. Enterprise Edition gives you 3 years of enhanced service support, ensuring your mobile technology continues to perform. Our dedicated UK-based Business Services Centre can provide technical support and advice when required. And should any of your devices need replacing, we offer a next business-day replacement service.[3]

Extended Product Lifecycle

Ensure consistency across your fleet of Samsung devices. All Enterprise Edition phones come with an extended product lifecycle, ensuring they're available longer than standard devices.[4] This brings greater continuity to your mobile fleet.

4 Year Security and Maintenance Release

Keep your business protected from mobile security threats. With Enterprise Edition, you get 4 years of firmware updates either monthly or quartely[5], so you can be sure all of your mobile devices are up to date with the latest Android and Samsung security and maintenance patches. This helps protect your fleet of Samsung devices against malware, phishing or any software malfunction that might pose a threat to your business.
